SECURITY OF CLIENT INFORMATION REQUIREMENTS

- At a minimum, the CWIC/CPWICs will safeguard the State Agency's information and the State Agency will safeguard Social Security Administration (SSA) information as follows:
 - Access to the SSA records of any Vocational Rehabilitation customers will be restricted to only the certified CWIC/CPWICs, except for persons previously approved by the SSA to view confidential consumer information.
 - The records will be stored in an area that is physically safe and secure from access by unauthorized persons during duty hours, as well as non-duty hours, or when not in use.
 - The information will be processed only by certified CWIC/CPWICs and in a manner which will protect the confidentiality of the records, and in such a way that unauthorized persons cannot retrieve any such information by means of computer, remote terminal, or other means.
 - Documentation of services provided by the CWIC/CPWICs will be sent directly from the CWIC/CPWIC to the appropriate Vocational Rehabilitation staff person by fax or mail only.
 - Without the written consent of the subject beneficiary, no information is to be disclosed either verbally or in writing to any person other than the CWIC/CPWIC and VR staff for any reason.
 - The Division of Vocational Rehabilitation has the right to conduct on-site audits to ensure compliance with the above.

- Non-compliance with these rules may result in the non-compliant CWIC/CPWICs losing the vendor agreement to provide WIPA services for Vocational Rehabilitation.

The authorized WIPA Provider below has read and understands the above security of client information requirements and agrees to comply.

WIPA Provider Performance Expectations and Requirements

- I. Providers will ensure that all Ticket-holder data (all formats including but not limited to electronic or hard-copy) is accessed, used, maintained and secured in a confidential manner and only by fully certified CWIC/CPWIC staff with full certification (provisional certification is not acceptable). A provider is restricted from re-disclosure of any SSA Ticket-holder data to anyone except the Ticket-holder, SSA and DVR.
- II. Providers shall ensure that all referrals are handled by fully certified CWIC/CPWIC only. A CWIC/CPWIC should only accept coverage of a County if he or she can accommodate the referrals in a timely and effective manner.
- III. Providers will ensure that referral confirmations are returned timely (within 15 days of referral).
- IV. Providers will ensure that referrals are handled in a timely manner (within 45 days of receipt of referral).
- V. Providers will ensure that services are provided on an individualized basis and each Ticket-holder is provided individualized assistance. Deliverables should reflect that each Ticket-holder is given complete and accurate services by the certified CWIC/CPWIC listed as the Provider Name on the WIPA referral form and authorization and billing invoice. A CWIC/CPWIC cannot transfer a referral to another CWIC/CPWIC. If CWIC/CPWIC on the referral cannot perform services, then the referral must be declined and sent to DVR staff.
- VI. Providers must ensure that all deliverables are complete and accurate as well as consistent with recommended standard formats.
- VII. Providers will ensure that Ticket-holders are encouraged to pursue the highest level of competitive full-time employment. Ticket-holders should be discouraged from the practice of intentionally working at or below Substantial Gainful Activity (SGA) for the purpose of maintaining benefits, except under rare circumstances. This does not imply that Ticket-holders should be counseled to engage in employment that the Ticket-holder cannot realistically achieve. Ticket-holders have a right and choice to pursue self-sufficiency as the Ticket to Work (TTW) Program is voluntary and not for every SSA Ticket-holder.

WIPA Provider Performance Expectations and Requirements (cont.)

- VIII. Providers are encouraged to participate in DVR orientations and initial interviews to assist DVR staff in establishing a need for Ticket-holders to accept and participate in WIPA services.
- IX. Providers must maintain at least an average level of proficiency in provision of services. Proficiency will be measured with a Quality Assurance Review; which will be conducted by DVR program staff.
- X. Providers will collaborate with VR staff to ensure resources are available to effectively communicate with consumers whose primary language is not English.
- XI. While DVR may initiate a Benefits Planning Query (BPQY) request, the primary responsibility for securing a BPQY rests with the WIPA Provider.
- XII. CWIC/CPWIC must notify DVR immediately of any change that would affect his or her ability to effectively and timely provide WIPA services, such as a CWIC/CPWIC leaving the agency where serving as a WIPA provider.
- XIII. Permitting persons who are not fully certified CWIC/CPWICs to access, use, maintain, or secure any DVR referral information will constitute a violation and will result in the loss of vendor agreement. Persons who are not fully certified CWIC/CPWICs are not permitted to provide any WIPA services under this agreement.
- XIV. Non-compliance with these rules may result in the non-compliant CWIC/CPWIC losing the vendor agreement to provide WIPA services for Vocational Rehabilitation.
- XV. An agency that also serves as a SSA grant funded WIPA project will identify the CWIC/CPWICs who will be providing WIPA services under the VR fee-for-service program. The agency must maintain very clear lines regarding staffing allotments and time. Specifically, the agency's CWIC/CPWICs may accept VR fee-for-service referrals, but any staff time spent working on those referrals cannot also be charged to the SSA WIPA grant. SSA grant funded WIPA services are provided at no cost. For example, if the agency employs a CWIC/CPWIC whose time is billed 100% to the SSA WIPA grant, that individual cannot also provide services to VR via the fee-for-service program. If the provider employs a CWIC/CPWIC whose time is charged to the WIPA grant at 50% (.5 FTE), then the CWIC/CPWIC could provide services on VR fee-for-service referrals for the other 50% of their time.

WIPA Provider Performance Expectations and Requirements (cont.)

- XVI. VR will not be held responsible if a SSA grant funded WIPA project is in violation of SSA rules or agreements resulting from the agency's participation in the VR fee-for-service program.
- XVII. If a CWIC/CPWIC can no longer provide WIPA services, outstanding referrals must be completed or cancelled by contact DVR staff. This must be handled before future WIPA services applications can be accepted from the CWIC/CPWIC.
- XVIII. CWIC/CPWICs must maintain certification with issuing institution. CWIC/CPWIC is fully responsible for providing DVR staff with recertification documentation in a timely manner.
- XIX. If certification is not maintained, then CWIC/CPWICs are not permitted to provide any WIPA services under this agreement.
- XX. A CWIC/CPWIC cannot transfer a referral to another CWIC/CPWIC. If CWIC/CPWIC on the referral cannot perform services, then the referral must be declined and sent to DVR staff.

Requirements for Writing a Benefits Summary and Analysis (BS&A)

- The BS&A must contain a description of the various types of public benefits received, the verified amount(s) of the cash benefit(s), and the means through which benefits were verified (i.e., BPQY, benefits verified through the internet, etc.).
- A section on employment plans or goals must be included. If the beneficiary is unclear about the work goal, ask for a general idea about type of work, estimated hourly wage, and number of hours the person expects to work each week. Refer the beneficiary to the VR Counselor for more help with developing the goal.
- The BS&A must include all of the relevant work incentive issues that would apply to the individual. It is NOT appropriate merely to identify a work incentive and direct the beneficiary to look in the Red Book on a certain page for more information. It is NOT appropriate to simply state that a work incentive “does not apply because the beneficiary is not working.” It is NOT appropriate to attach a VCU Briefing Paper intended to educate CWIC/CPWICs, and direct the beneficiary to read that instead of providing customized work incentives information.
- Work incentives information must be specific and tailored to the beneficiary’s current OR anticipated work goal. There should be no “cookie cutter” BS&As. Examples should be provided to explain the way these work incentives would apply in the beneficiary’s particular circumstances.
- Information must be organized and presented in a way that is clear and concise. It must be written in a way that is easy for beneficiaries to understand. Stay away from technical terms and acronyms. Avoid flowery language and jargon. The document must also contain complete sentences and paragraphs, correct grammar and punctuation, correctly spelled words, etc. If English is a second language to the CWIC/CPWIC, the vendor may wish to have another CWIC/CPWIC review the document prior to submission.
- If problems are identified in the BS&A, then the CWIC/CPWIC must advise the beneficiary about solutions. Examples of problems could be unreported earnings, work incentives not identified as used but are applicable, improper calculation of earnings (sick or vacation pay included), excess resources, garnishments, overpayments, etc. It is not, for example, good enough to state simply that the beneficiary needs to report all earnings to SSA. The BS&A must then go on to explain how to report the earnings.

Requirements for Writing a Benefits Summary and Analysis (BS&A) (cont.)

- The BS&A must address how work would affect other benefits, including but not limited to Food Stamps (SNAP), Temporary Aid to Needy Families (TANF), Unemployment Insurance, Workers' Comp., HUD Housing, Veterans benefits, etc. The information must be specific to the State of Florida, not just general federal rules information. This information must be specific to that individual, and the benefits that the individual has. If he/she does not have any of these benefits, then it can be left out. This can only be determined by completing a thorough intake that addresses all benefits. All benefits must be verified before specific information is provided, and information should be included indicating how the benefits were verified.
- The BS&A must include information about how earnings will affect various types of healthcare coverage. This includes Extended Period of Medicare Coverage and all parts of Medicare, including low income Part D subsidy and Associated Medicare savings programs such as QMB, SLMB, QI, etc. It also includes all Medicaid eligibility programs. This information must be state specific and include all types of Medicaid the beneficiary may be eligible for, including all HCBS Waivers.
- The CWIC/CPWIC must address any future events that the beneficiary needs to be aware of – such as marriage penalties, establishing insured status for Title II benefits, etc.
- The BS&A must include specific recommendations or advise about what course of action a beneficiary should take, work incentives to claim, how to avoid problems, etc.
- The CWIC/CPWIC must explain how he/she will be involved in any of the activity described in the BS&A. For example, if the beneficiary has been overpaid, the CWIC/CPWIC must explain what he/she can do to help resolve the issue. This includes letting the beneficiary know about further services that are available for the beneficiary by referral from VR.
- The BS&A must include SSI calculation sheets and/or TWP/EPE tracking sheets to illustrate the narrative contained in the BS&A. These sheets should be completed by the CWIC/CPWIC, even if there is no work activity to record. An example based on the beneficiary's employment goal should be used. These calculation sheets cannot be blank, with a suggestion that the beneficiary complete these sheets himself/herself. A bottom line comparison of income must be included.
- The BS&A must include a place for the CWIC/CPWIC to sign the document, along with a statement indicating that by signing the BS&A, the CWIC/CPWIC is stating that a copy of the document has been provided to the beneficiary, and that the CWIC/CPWIC has reviewed the information with the beneficiary, either face-to-face or by phone contact.
